DETAILED ACTION

1. The following is an examiner's statement of reasons for allowance:

Prior art fails to disclose the following patentable limitations of the applicant's claimed and disclosed invention:

- a louver assembly having V-shaped non-corrugated sheets and corrugated sheets defined by the claimed X, Y and Z relationship angles and configuration with respect to the heat exchange apparatus;
- the non-corrugated and corrugated sheets having intersection, longitudinal, horizontal and traverse reference plane relationships; and
- the ratio of the depth of the louver assembly to the width of each air passageway being 3:1 to about 6:1.

The combinations of the claimed limitations are novel and found to be allowable over prior art. The cited reference taken singly or in combination does not anticipate or make obvious applicant's claimed invention.

Allowable Subject Matter

2. Claims 1-24 is allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
